

### 30-Day Friendship Cake

1st Day - Add to starter

2½ cups sugar

1 large (29 oz.) sliced peaches & liquid. Stir

\*STIR EVERYDAY\*

10th Day - Add

2½ cups sugar

1 - 14 oz. can chunk pineapple and liquid. Stir

20th Day - Add

1 - 29 oz. can fruit cocktail and juice

1 - 10 oz. jar Maraschino Cherries and juice. Stir

30th Day - Drain juice from fruit and divide juice into 1½ cups each and give to friends. (Place in covered containers or jars)  
Divide fruit in three parts and bake three cakes.

### Cake Recipe

1 yellow or lemon cake (with pudding in mix)

2/3 cup oil

3 or 4 eggs

1 cup nuts (optional)

1 cup coconut (optional)

1 sm. box Instant Pudding mix

1/3 of the fruit

Mix together and bake in floured bundt pan for 50-60 minutes at 350°.

Hints: If storing starter, add 1 tbsp. sugar to juice every 2-3 days. This keeps the yeast action.

Keep fruit in covered container during 30-day period. Lip on container may pop but that's okay as long as covered. Do not refrigerate fruit during this time.
